# COSMOGRAPH DAYTONA

Oyster, 40 mm, white gold

**THIS OYSTER PERPETUAL  
COSMOGRAPH DAYTONA IN 18  
CT WHITE GOLD WITH STEEL  
AND BLACK DIAL AND AN  
OYSTERFLEX BRACELET,  
FEATURES A BLACK  
CERACHROM BEZEL AND  
ENGRAVED TACHYMETRIC  
SCALE.**

This chronograph was designed to be the ultimate timing tool for endurance racing drivers. More than 50 years after its creation, the Cosmograph Daytona remains in a class of its own among sport chronographs and continues to transcend time.

## THE TACHYMETRIC SCALE HIGH-PERFORMANCE CHRONOGRAPH

A key part of the model's identity is the bezel engraved with a tachymetric scale for measuring average speeds of up to 400 miles or kilometres per hour. Blending of high technology with sleek aesthetics, the black bezel is reminiscent of the 1965 model that was fitted with a black Plexiglas bezel insert.

## **STEEL AND BLACK DIAL DISPLAYING LAPSED TIME**

This model's Steel and black dial with snailed counters features 18 ct gold applique hour markers and hands in Chromalight, a highly-legible luminescent material. The central sweep seconds hand allows an accurate reading of 1/8 second, while the two counters on the dial display the lapsed time in hours and minutes. Drivers can accurately map out their track times and tactics without fail.

## **18 CT WHITE GOLD COMMITMENT TO EXCELLENCE**

By operating its own exclusive foundry, Rolex has the unrivalled ability to cast the highest quality 18 ct gold alloys. According to the proportion of silver, copper, platinum or palladium added, different types of 18 ct gold are obtained: yellow, pink or white. They are made with only the purest metals and meticulously inspected in an in-house laboratory with state-of-the-art equipment, before the gold is formed and shaped with the same painstaking attention to quality. Rolex's commitment to excellence begins at the source.

## **THE OYSTERFLEX BRACELET HIGHLY RESISTANT AND DURABLE**

The new Cosmograph Daytona is fitted with an Oysterflex bracelet, developed and patented by Rolex. At its core lies a superelastic metal blade overmoulded with high-performance black elastomer, a material that is particularly resistant to environmental effects and very durable. The Oysterflex bracelet is also fitted with an Oysterlock safety clasp and is equipped with the Rolex patented Easylink rapid extension system that allows the wearer to increase the bracelet length by approximately 5 mm, for additional comfort in any circumstance.

## **START, DRIVE, STOP THE ULTIMATE RACING TOOL WATCH**

The Daytona's chronograph feature functions are activated by pushers that screw down like the winding crown when they are not in use, guaranteeing waterproofness to 100 metres. One press to start, stop or reset the chronograph produces a crisp, clear click that was perfected using the most advanced technology. Rolex watchmakers also perfected the mechanism to suit the ideal finger pressure on the pushers, and engineered it to provide an instantaneous and accurate start to the timing without sacrificing reliability.

## **4130 MOVEMENT SUPERLATIVE PERFORMANCE**

The Cosmograph Daytona is equipped with calibre 4130, a self-winding mechanical chronograph movement developed and manufactured by Rolex. Its architecture incorporates far fewer components than a standard chronograph, thereby enhancing the movement's reliability. Like all Rolex Perpetual movements, the 4130 is a certified Swiss chronometer, a designation reserved for high-precision watches that have successfully passed the Swiss Official Chronometer Testing Institute (COSC) tests. The chronograph movement features a Parachrom hairspring, offering greater resistance to shocks and to temperature variations.

## Specifications

Reference 116519LN

### MODEL CASE

Oyster, 40 mm, white gold

### OYSTER ARCHITECTURE

Monobloc middle case, screw-down case back and winding crown

### DIAMETER

40 mm

### MATERIAL

18 ct white gold

### BEZEL

Black monobloc Cerachrom bezel in ceramic with engraved tachymetric scale

### WINDING CROWN

Screw-down, Triplock triple waterproofness system

### CRYSTAL

Scratch-resistant sapphire

### WATER RESISTANCE

Waterproof to 100 metres / 330 feet

### MOVEMENT

Perpetual, mechanical chronograph, self-winding

### CALIBRE

4130, Manufacture Rolex

### PRECISION

-2/+2 sec/day, after casing

### FUNCTIONS

Centre hour, minute and seconds hands, small seconds hand at 6 o'clock.

Chronograph (centre hand) accurate to within 1/8 of a second, 30-minute counter at 3 o'clock and 12-hour counter at 9 o'clock. Stop seconds for precise time setting

### OSCILLATOR

Paramagnetic blue Parachrom hairspring

### WINDING

Bidirectional self-winding via Perpetual rotor

### POWER RESERVE

Approximately 72 hours

## BRACELET

Oysterflex

## BRACELET MATERIAL

Flexible metal blades overmoulded with high-performance elastomer

## CLASP

Folding Oysterlock safety clasp with Easylink 5 mm comfort extension link

## DIAL

Steel and black

## DETAILS

Highly legible Chromalight display with long-lasting blue luminescence

## CERTIFICATION

Superlative Chronometer (COSC + Rolex certification after casing)
